

Dear Julie Fedorchak,

3/14/2025

I'm a silenced witness against the FBI and DOJ; silenced only by their criminal obstruction of Cash Patel and Pam Bondi's review of the attacks against Trump. I personally "stung" Sally Quillian Yates using FISA to run organized crime. In the course of busting Yates, she confided that she would do whatever necessary to get or keep Trump out of office.

I've already been to your office in person, but still have not received a response from you. I've been harassed by FISA for many years and put the proof online at Ferris Broxton on Rumble. I need you to make sure you reach Pam Bondi, Cash Patel, and Jim Jordan and inform them you have the nation's most important witness in Trumps' favor against the deepstate criminals that attacked our president and freedom.

Just this week, the FBI in New York was exposed for obstructing Pam Bondi's investigation into Jeffrey Epstein. This is part of what I'm a witness to! It appears the FBI and DOJ in North Dakota are obstructing the investigations by preventing me from being heard. I'm the guy with the billboards up in Bismark that say "Trumps witness still silenced by FISA watch Ferris Broxton on Rumble."

Sincerely, Ferris Broxton.

Ps I've already provided my contact info to your office. I have moved and will provide an updated address.
