Dear Jay Sekulow, cc Giuliani and Robert Mueller

I am a witness against Sally Yates in regards to your investigation into the Russia collusion. I have reported this numerous times, including three trips to Washington, several visits and reports to the ACLU (obstructed by spies) and handing a report to Devin Nunez office. I have been told that I would be contacted but I'm never contacted as I should be. Instead I'm contacted as Sally Yates said I would be in advancement of the Racket she set up.

I am a witness that Sally Quillian Yates used the tools of the spy community against me including Rohypnol, button cameras, and cutouts with earpieces to solicit me to join a group that was "taking over" the government. I managed to infiltrate the group unwittingly (as I was drugged with Rohypnol when I agreed to "sting" them). Their attempts to remind me of my commitment only documented and reminded me that I suspected I would be again approached and came up with a plan to sting them.

Yates made statements to me such as "we are taking over by whatever means necessary"

"the next election will likely be between Hillary and Trump and we would do whatever we can to derail Trump." This made shortly after O'bama took office demonstrating a strategic effort to take over our country far in advance of the election.

Further statements she made were to the effect that she cared nothing about justice but would be doing everything possible to take as much as she could while in a position to do so.

She also used her family members in Jackson County Georgia including Bruce Yates, the county commissioner and police chief, James Yates her son, and Michelle Yates her daughter to hold me without bond for 3.8 years in their "family" jail at 555 General Jackson Dr.

I have been a victim of spying and racketeering in countless ways and am shocked that your office has not contacted me despite countless e-mails, certified mail, and phone calls.

I am not hiding and have not been hiding but I am surrounded by spies who intercept most or all of my attempts to communicate electronically. Above is my work address and home address, although I spend most of my time on the road and do not share the main dwelling with the family. I am very much forced into desperate measures by this racket and not able to secure a better residence for myself at this time. You could find me if you wanted to. Mueller, If you are not cooperating, as it appears you are, with the criminals obstructing a true resolution to the US election fraud then put out a national statement that you are looking for me and instruct all law enforcement to provide me with safe and secure transport where I can be a witness against the group of criminals in the USDOJ who attempted to take over our country. Sekulow and Giuliani can instruct their staff to accept me if I show up at your offices. Also feel free to put out a clue on Fox news that if I again quit my job and travel to Washington that I will not be rejected at the door of every agency that should be welcoming me and offering relief. I have attempted to support and hire Sekulow countless times but my attempts are intercepted, exactly as Sally Yates said they would be by Keysia (Key Special Intelligence Agent).

Sincerely, Ferris Broxton
